Saurabh Parmar (Senior ETL Developer)

saurabh.parmar1989@gmail.com | +91-9867627041 | Mumbai

9 years experienced ETL developer/Data engineer with a passion to solve real-world business challenges using ETL and database management tools. Proficient in designing and developing complex ETL applications for business users and organizational leadership.

As a team member Saurabh earns my highest recommendation. We worked on Air Canada account where I've seen Saurabh go above and beyond in understanding the business logic and resolving very critical issues in a precise timely manner. Saurabh not only a key resource in resolving the issue but also proactive in identifying as well. I worked with Saurabh during the three years, and he was one of the core engineers with wealth of knowledge in the realm of Teradata, Unix, Informatica and shell scripting. I can guarantee he is and will be a valuable resource. ***~ Asif Jafri, immediate Supervisor at Teradata***

I know Saurabh since last 6 years and he is a very talented person. We both had worked together on same Projects. He is sincere, skilled and having experienced in Data warehousing, ETL and Business Intelligence. ***~ Suryakant Garje, Supervisor at Capgemini***
